

COMETS Learn to Golf – Fundamentals (ages 7-11)

LONG TERM PLAYER DEVELOPMENT PROGRAM

The COMETS Learn to Golf Program continues to build and develop athletic movement and golf skills learned in the STARS Program, while also introducing on-course playing skills. This program helps to prepare students who are interested in progressing to the Elite level programs in the future.

Classes run on a weekly basis and are designed for all children who are interested in developing into good athletes and proficient golfers. Instructors will provide a fun, socially interactive learning environment, focusing on athletic coordination, games, golf-specific skills and education, some on-course playing opportunities and plenty of positive reinforcement.

By the end of the 3-month session, children will know the basics of the golf swing and put their skills to the test during scheduled “activity nights.” Some prior golf experience is necessary.
